

St. Jude School - Making the Grade

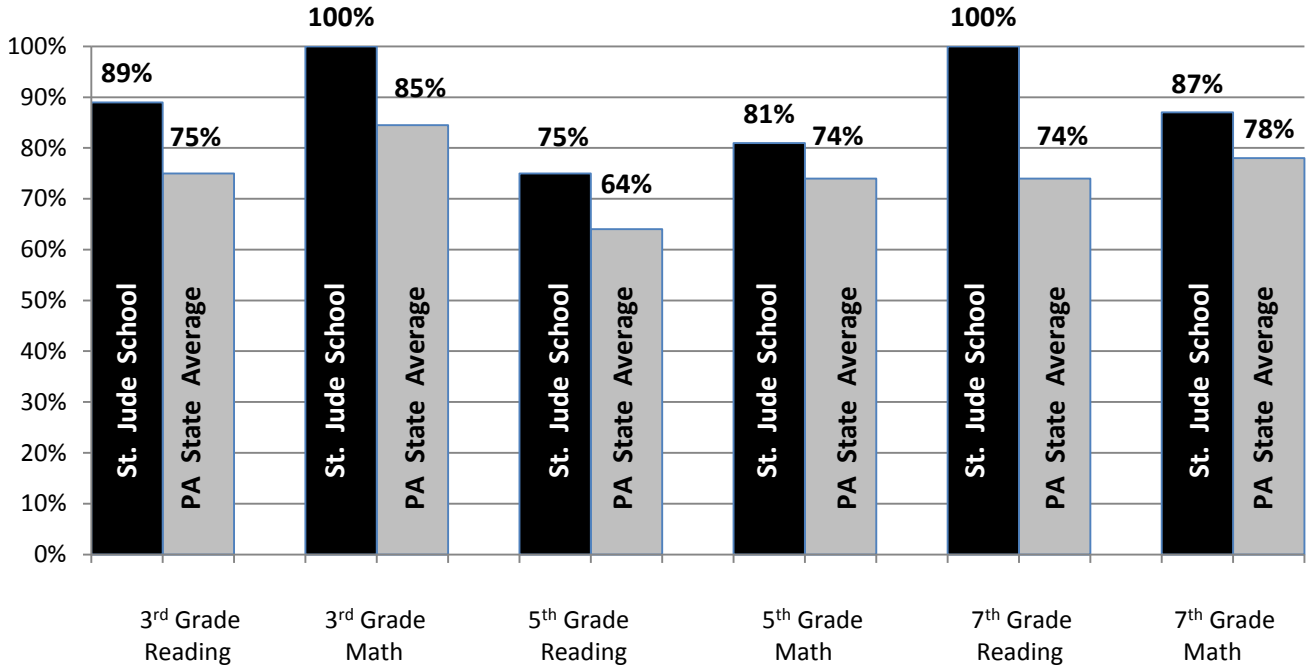

The TerraNova Standardized tests are now correlated with the Pennsylvania System of School Assessment, also known as PSSA standardized tests. As shown on the charts below, St. Jude School consistently meets or exceeds the state average PSSA test scores for students scoring at the Advanced or Proficient level. To show evidence of our students' continuous improvement, compare the scores from 2009 and 2011 as the same group of students move from 3rd grade to 5th and from 5th grade to 7th.

To see how your school district scored, log on to the PA Department of Education Website, or click on the PSSA Scores link at www.sjspa.org – Happenings
